ADOPTION POLICY

Nassau Bay Animal Shelter seeks permanent, loving homes where our rescued animals can live a long, happy and healthy life as part of a family. Adoptive families must agree to keep this animal as a pet and companion. The pet is to be primarily indoors in order to be a part of the family. Adoptive families must agree that canines will be confined in a securely fenced yard or restrained on a leash at all times when outdoors. For health and safety reasons, we recommend cats be kept inside. **It is a condition of adoption that should the adoption be unsuccessful for any reason, the pet is to be returned to Nassau Bay Pet Adoptions to find the right home.**

City of Nassau Bay Will Have Completed the Following on All Pets Prior to Adoption

1. All pets will be spayed or neutered prior to adoption.
2. All dogs will have tested negative for HW and/or will have completed HW treatment per a licensed veterinarian and been kept on HW preventative while at the shelter. Retesting canines for heartworms is recommended in 6 months or at veterinarian discretion.
3. All Pets will Be Current on Vaccinations: Puppies receive a 7-in-1 booster including vaccines for parvo, corona, hepatitis, and para influenza. Adult dogs receive an annual 7-in-1 vaccination. Cats and kittens receive a vaccine for protection against rhinotracheitis, calcivirus, and feline distemper. All felines will have tested negative for Feline Leukemia. Based on incubation periods, Nassau Bay Pet Adoptions recommends retesting felines for Felv/FIV in 90 days or veterinary discretion. ***Exception: Kittens/Puppies who are too young for rabies and final combo vaccinations will be the owner's responsibility.**

Although Nassau Bay Pet Adoptions does their best to maintain a healthy environment, there are no expressed or implied guarantees relative to the health or temperament of the animal. Nassau Bay Pet Adoptions recommends the adoptive family take the pet to their family veterinarian within one week of adoption for a full physical evaluation. Nassau Bay Pet Adoptions is not responsible for veterinary bills after adoption and adoption fees are not refundable.

Potential adoptive families must fill out an adoption application. This application will be reviewed by a minimum of two Nassau Bay Pet Adoptions Coordinators, who will also provide the family with adoption counseling. A 24 hour hold is utilized to review the potential adoption.
