## VISION 2020

The City of Nassau Bay will be an incomparable, safe, family-oriented, waterfront enclave which is fiscally well managed with well maintained, up-to-date infrastructure and aesthetically pleasing residences and buildings that reflect the obvious pride of its citizens. This community, the Manned Space Center’s birthplace, will be the cultural arts center of the Bay Area, with a robust economy anchored by a revitalized commercial district, tourism, and high technology business, while retaining homeowner privacy and a small town atmosphere.

*(Affirmed April 1999; Reaffirmed July 2002)*

## FAREWELL, PASTOR K

Pastor John Kieschnick of Gloria Dei Lutheran Church is retiring after 33 years with this congregation. The congregation planned many special events in his honor, among them a golf tournament and an evening of recognition at Space Center Houston.

Mayor Matter issued a proclamation on behalf of the City, noting the impact Pastor K has had on the community during his long period of service here and wishing him and wife, Elaine, well as they embark on whatever the future holds for them.

As Pastor Kieschnick is fond of saying “the best is yet to come!” and the City of Nassau Bay wishes that for the Kieschnick Family!!
